## What you need to know about us paying your overdrafts and our overdraft charges

An **overdraft** occurs when the available balance of funds in the account you have with us is inadequate to cover a check or electronic transaction (such as with your debit card or through an ATM), but we elect to pay it anyway.

We can cover your overdrafts in two different ways:

1. We have **standard overdraft practices** called **Courtesy Pay** that come with the account. They are covered in Provision 6.I. of the MSA Part 2 and this notice.
2. We also offer an **overdraft protection service** that draws funds from a savings account or loan you have with us, which may be less expensive than our standard overdraft practices. To learn more, ask us about these services or our overdraft plans or read about them in Provision 6.I. of the MSA Part 2.

This notice explains our **Courtesy Pay practices**.

## What are the Courtesy Pay practices that come with the account?

We **do** authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using the checking account number
- Automatic bill payments

We **do not** authorize and pay overdrafts for the following types of transactions unless you ask us to (see below):

- ATM transactions
- Everyday debit card transactions

We pay overdrafts at our discretion, which means we **do not guarantee** that we will always authorize and pay any type of transaction.

If we **do not** authorize and pay an overdraft, your transaction will be declined.

## What service charges will be imposed if you pay my overdraft(s)?

While there is no charge to authorize us to pay your overdrafts, under our **Courtesy Pay practices**:

- We will impose a service charge of up to **\$25.00** each time we pay an overdraft.
- We will cover and charge you for up to four (4) overdrafts per day.
